Документально подтверждено, что человеческое сознание влияет на реальность на квантовом уровне!

Предсказанная отцом квантовой теории Максом Планком великая Матрица мироздания ныне обнаруживает себя не только в научных экспериментах, но и в повседневном опыте тысяч и тысяч людей. Становится все более очевидным, что Вселенная работает как огромный, наделенный сознанием компьютер.

«Не нужно уходить в монастырь или посвящать жизнь медитациям, — говорит автор нашумевшей книги «Божественная матрица» Грегг Брейден, — чтобы познать и применить на практике свою истинную силу, достаточно выяснить коды собственного сознания, посредством которых оно влияет на мир». Эта, новая книга Грегга Брейдена содержит исходные коды наших отношений с реальностью.

«Чтобы радикально изменить собственную жизнь, требуется только одно — знать коды своего сознания».

*Грегг Брейден*
